ACIIDS 2013 is an international scientific conference for research in the field of intelligent information and database systems. The aim of the conference is to provide an internationally respected forum for scientific research in the technologies and applications of intelligent information and database systems. This conference will provide an excellent opportunity for researchers to discuss modern approaches and techniques for intelligent information and database systems, and their applications.

The proceedings of ACIIDS 2013 will be published by Springer in series of Lecture Notes in Artificial Intelligence LNAI (indexed by DBLP, EI, Scopus, and Thomson ISI).

The scope of the conference includes, but not limited to, the following topics:

1. **Intelligent Information Systems:**

2. **Intelligent Database Systems:**

3. **Tools and Applications:**
